Precede Hyannis Port Kennedy.

NEW YORK (AP) — Sen. John F. Kennedy, arriving for a busy day of activities here, said today he doesn't expect the forthcoming special session of Congress to carry out platform aims of either party.

"I never thought of this session as either party writing its platform," he said.

For the Democratic party to carry out its goals, he said, it would need "a mandate from the people" in the form of control of both the Congress and the executive branch.

### Small Crowd On Hand

Kennedy, the Democratic presidential nominee, flew here in a light, drizzly rain from his summer home at Hyannis Port, Mass., for a day of speech-making, politicking and visits with friends.

Before the takeoff from Hyannis Port, Kennedy told reporters he is happy about the big primary election victory scored by Sen. Estes Kefauver in Tennessee, but he said he believes it is a mistake to generalize about elections in reading political trends.

A small crowd was on hand at the airport to watch Kennedy's departure.

Kennedy has dates to address editors of ethnic newspapers and to have lunch with editors of Time and Life magazines. The ethnic papers serve 25 nationality groups in this country.

## ACCUSE PMA OF COP PLOT

PITTSBURGH (AP) — County commissioner Edward B. Boyer of Bucks County today accused the Pennsylvania Manufacturers Assn. of attempting to take over the Young Republicans of Pennsylvania organization.

Boyer said the PMA is waging a campaign to win the chairmanship of the Young Republicans for George W. Merrill, manager of the Beaver County office of the PMA.

A three-way battle shapes up for the chairmanship, which will be decided Saturday at the final business session of the Young Republicans sixth biennial convention. The meeting opened Thursday.

In addition to Merrill, formerly of Lycoming County and a YR national committeeman, the candidates for the two-year post are State Assemblyman Alan Williams of Bucks County and Charles Reinsel of Clarion County.

Boyer, who is backing Williams, said in an interview the PMA is "using money, its field men and whatever influence it can bring to bear on delegates at this convention" to elect Merrill.

## BETTOR STUCK WITH CEMENT

DENVER, Colo. (AP) — What does a man do with a car loaded with six tons of concrete?

Joseph Nelson has that problem. His car is parked on the street in front of his home, the rear tires flat, springs broken, and the concrete now rock-hard.

Nelson says he ordered concrete Thursday for delivery later the same day. He later changed his mind, called the company and asked to have it delivered today.

The word came too late for the truck driver, Robert O. Porter. He and Nelson have been friends. That's where the rub is.

"I won a bet from him a while ago," said Porter, "and I guess I waited about 45 minutes for him to show up at home. The longer I sat there in the truck waiting for him, the more I thought he was trying to stick me with \$30 worth of cement to get even on the bet, and the madder I got."

Nelson was attending a neighborhood ball game when Porter arrived.

Porter said he finally unloaded the wet concrete into the back seat of Nelson's car, drove the truck to the company garage and went home.

## 40 4-H Senators Visit Washington

The Adams County 4-H senators visited the recently renovated National 4-H Club center in Washington Thursday.

The 40 members, led by Mrs. Paul Middour, visited the FBI building and the Smithsonian Institution in the morning and ate lunch at the 4-H center.

The aims of the National 4-H Club are to provide citizenship training for young leaders in America and to teach 4-H members more about the federal government. The club is also the headquarters for the international forum on youth programs.

County Home Economist Mrs. Helen Tunison and Associate County Agent Duane Duncan also accompanied the group.

HONG KONG (AP) — Mary Downey of New Britain, Conn., arrived by plane today en route to her second visit to her son in a Chinese Communist prison.

## Five Killed In Predawn Blaze

MIDDLEBOURNE, W. Va. (AP) — A teen-aged girl and four children burned to death today in a predawn fire that destroyed two homes in the tiny town of Shirley in Tyler County.

The five victims, as well as two mothers of the children, were asleep in one room of the home of Mr. and Mrs. Bert Ferrebee.

The dead were the Ferrebees' two children, Walter, 9, and Donna, 8; Janet Dotson, 4, and Billie Dotson, 1½, and Marybelle Wadsworth, 19. The Dotson children and Miss Wadsworth were from West Union.

Routine hospital operation went by the board, particularly record keeping. Patients were given plastic plates with their names inserted, a problem here because so many brothers were involved, and the names were flashed onto the X-ray film to keep the record straight until ordinary steps could be taken later.

The obviously serious casualties were treated first as the rest of the youngsters, after a quick initial examination, waited their turn "without panic or undue excitement." The youngsters were "perfectly marvelous," Dillon said.

Emergency treatment took place in the two dispensary cleared for the operation. Two other accident patients preceded the Hoffman group and one of these waited patiently until all the children had been cared for.

The entire operation was carried out smoothly although Dillon indicated that the hospital had also learned some lessons. An administrative staff member is necessary in each emergency area and another to coordinate activities and the flow of patients and personnel.

Dillon said that the hospital has long discussed a "disaster plan" which will soon be printed. Developed by the medical staff, the plan covers a situation comparable to the Hoffman incident where a great number of people injured in a catastrophe are suddenly thrust upon the staff.

The "quick call" system is the vital element. Through it the hospital gets a breathing space to speed preparation, it can check constantly at the scene on numbers and seriousness, it can give advice and keep on top of the situation for any unforeseen developments.

## WOMAN ADMITS KNIFE DEATHS

COPAKE, N. Y. (AP) — A refugee mother, described as nervous since the birth of a son seven weeks ago, has admitted killing the boy, his brother and a sister, state police say.

Police said Theresa Vucetec, 30, made the admission Thursday in a note she handed a trooper guarding her at Columbia Memorial Hospital in Hudson. She does not speak English, and wrote in German.

"It was God's will," a German speaking hospital employee quoted her as saying later.

Police said no motive was established.

Mrs. Vucetec slashed her wrists and throat with a knife Wednesday night after killing the children, police reported. Her condition was described as serious.

The couple, natives of Yugoslavia, came to this area a year ago.

## CIRCUS LOVER TREATS KIDS

SARASOTA, Fla. (AP) — Boys Town, Neb., becomes a ghost town Saturday because of the generosity of a Sarasota woman and her love for the circus.

Dr. Bell has preached here for the last several summers. He is former pastor of the Christ-West Hope Presbyterian Church, Penn Wynne, Pa., and accepted the East Orange call earlier this year.

The pastor of the local church, the Rev. Robert A. MacAskill, and his family are on vacation for the month of August.

## Civil War Group Closing Session

The Third Annual Civil War Study Group of Gettysburg College was on its way "home" this afternoon from Manassas where the 30 historians from throughout the U. S. present for the week-long program, spent the last two days studying the "First and Second Battle of Bull Run."

Francis F. Wilshin, of the National Park Office at Manassas spoke on "The Battle of Manassas (Bull Run) August 29-30, 1862" at a dinner session Thursday evening and then conducted the group on a tour of the field this morning.

A dinner at the college here this evening will conclude the study session. Those attending were from as far away as California.

## STOCKS STRUGGLE UP

NEW YORK (AP) — The stock market struggled higher early this afternoon in a modest continuation of Thursday's late rally.

Key stocks rose fractions about a point for the most part, although a fair number of moderate losers were evident. Trading was moderate in contrast to late Thursday when the market snapped out of its latest summer slump.

The jet was en route here from Maxwell Air Force base in Alabama.

The airliner was last reported at 1:30 a.m. about 11 miles west of Olmsted as it was being directed to a landing by radar.

Olmsted officials said the jet's fuel supply was near exhaustion at that time.

## Cuba Legalizes School Capture

HAVANA (AP) — The Cuban Cabinet Thursday night legalized the new ruling Junta at Havana University — three weeks after the pro-Castro group of students and professors forcibly seized control.

The dead were the Ferrebees' two children, Walter, 9, and Donna, 8; Janet Dotson, 4, and Billie Dotson, 1½, and Marybelle Wadsworth, 19. The Dotson children and Miss Wadsworth were from West Union.

Routine hospital operation went by the board, particularly record keeping. Patients were given plastic plates with their names inserted, a problem here because so many brothers were involved, and the names were flashed onto the X-ray film to keep the record straight until ordinary steps could be taken later.

The Cabinet amended a 1937 law to authorize "professors and students" to administer the 200-year-old institution.

The university—13 colleges with 20,000 students—is Cuba's largest institution of learning.

Prime Minister Fidel Castro did not attend the Cabinet meeting.

Leaflets were distributed in Havana saying the ailing Prime Minister would address the closing session of the Latin-American youth congress in the capital Saturday night.

## Family Watches Test Pilot Rocket Along At 2,150 MPH To Shatter Speed Record

EDWARDS AIR FORCE BASE, Calif. (AP) — A schoolteacher, two sons at her side and one in her arms, watched a distant plane's white contrail cut swiftly across the blue desert sky.

Thirteen miles above, in an X15 rocket plane, was her husband, test pilot Joe Walker — moving faster than any human has ever moved before: 2,150 miles per hour.

He broke by 56 m.p.h. the unofficial world's record set in 1956 by Air Force Capt. Milburn Apt.

### Back Alive

And Walker accomplished something else Apt. didn't: He returned alive.

Apt's X2 rocket research plane went out of control moments after his plane reached a record 2,094 m.p.h. He died on the desert near here after an unsuccessful attempt at bailing out.

Walker rocketed to 2,150 m.p.h. in a shallow, two-mile dive from 78,000 feet.

## JEEP ACCIDENT INJURES 2 MEN

INDIANTOWN GAP, Pa. (AP)—Two National Guardsmen were injured Thursday night in a jeep accident here.

Pfc. Dennis Russin, 19, of Cranberry R. 1, the driver, was taken to Valley Forge General Hospital with fractured vertebrae. His condition was described as satisfactory.

Sp. 5 Milton E. Hunt, 23, of Erie, was admitted to the 339th Field Hospital at the Gap with shoulder injuries.

The Guardsmen are members of the Combat Support Co. of the 1st Battle Group, 112th Infantry, of the 28th Division now in its first week of the annual two-week summer encampment.

A National Guard officer said the jeep upset on Rt. 443, leading to the artillery range where the 112th was on field maneuvers.

Dr. Leon Roos, East Berlin, has filed papers with the county prothonotary's office through Attorney John D. Thrush asking the court to grant a \$40 judgment against Curvin A. and Pauline A. ## ART SHOW IN NEW OXFORD

New Oxford's Center Square will be the scene Saturday of the fourth annual Outdoor Arts and Crafts Show beginning at 9 a.m. and continuing until 9 p.m. The event each year has been gaining in popularity and it is expected this Saturday will be no exception. Exhibitors from Lancaster, Philadelphia, Upper Darby, York, Carlisle, Allentown and Gettysburg are among this year's entries. Several other entries from out of state are also anticipated including Townsend, Md.

Annually, the affair presents a midsummer festive atmosphere. Organ music will be furnished by Donald Golden. In the evening a concert will be presented by the New Oxford High School band.

Exhibitors will display such arts and crafts as rugs, woodworking, beads and wire, artificial flowers, jewelry and various other articles.

The Chamber of Commerce annually sponsors the event. Members of the Chamber are asked to assist in getting tables and chairs ready for the show this evening and Saturday morning. In case of rain the show will be held in the elementary school auditorium.

## FLIGHT STOPPED BY BOMB HOAX

WILLIAMSPORT, Pa. (AP)—A United Airlines plane with 48 passengers and five crew members aboard made an unscheduled stop here today as the result of a bomb scare.

The big four-engine DC-8 landed at Williamsport-Lycoming County Airport at 9:30 a.m., interrupting a flight from New York's LaGuardia Field to Chicago via Cleveland.

A systematic search of passengers' luggage and areas of the plane where a bomb might be concealed was undertaken as soon as the passengers were safely on the ground.

A similar incident also involving a United airliner occurred at the Williamsport Airport on a Saturday night about two months ago. Some four hours were required that time before officers were satisfied the bomb report was a hoax.

### PARADISE PICNIC

The annual Paradise picnic will be held Saturday on the grounds of the Immaculate Heart of Mary Church, near Abbottstown. Chicken barbecue dinners will be served from 4 to 8 p.m. Adults, \$1.50; children, 75c. Chicken corn soup, hot and cold sandwiches, homemade pies, cakes and candy will also be on sale. There will be games of all kinds and pony rides for the children. The affair is held for the benefit of Immaculate Heart of Mary Church.

Robert Frost has won four Pulitzer prizes for poetry.

### St. Luke's Ladies Planning For Picnic

Plans for the annual Sunday picnic were discussed at the monthly meeting of the Ladies' Aid Society of St. Luke's Union Church, held on Wednesday evening at the Church. The picnic will be held on Saturday, Aug. 13, in the church grove. Turkey and ham suppers will be served family style to the public beginning at 3:30 p.m. Sandwiches, homemade cakes and pies and other refreshments will be available. A report was heard from the soliciting committees for foodstuffs for the supper. Music during the evening of the picnic will be provided by the Moose Band of Hanover.

The Wednesday meeting opened with group singing, accompanied by Miss Sheila Appler. The Scripture was read and prayer offered by Mrs. John H. Hartlaub. The topic "Discipline Through Small Group Worship" was discussed by Mrs. Robert Gladhill, Mrs. Grant Appler and Mrs. John Hartlaub. The birthday of Mrs. Clair Snyder, Mrs. David Sentz and Mrs. Kenneth Davidoff was noted. A sunshine box will be sent to Paul Chronister, a patient in the York Hospital, and Mrs. Ralph Flickinger will be in charge of the project.

The business period was in charge of the president, Mrs. John Hartlaub, who heard the report of the secretary, Mrs. Perrell L. Worley. The following program committee was appointed to serve for the next regular meeting on Wednesday, September 1 at the church: Mrs. Augustus Kuhn, chairman, Mrs. Ronald B. Hall, Mrs. Ray V. Reichert, Mrs. Kenneth Schultz, Mrs. Robert Spangler and Mrs. Perrell Worley. At the conclusion of the business, watermelon was served.

### 52 AT SUPPER

Fifty-two persons, members of the Ladies' Aid Society of St. James' United Church of Christ and their families, enjoyed a covered dish supper on Tuesday evening in the parish hall, along the Harney Rd. There was a discussion on enlargement of the parish hall. Mrs. Fred Fissel was appointed in charge of the program for the next regular meeting on Tuesday, Aug. 30, at the church. The hostesses will be Mrs. Jesse Slick, Mrs. Harold Krichten and Mrs. Alice Smith.

### HOLD HILTERBRICK REUNION

The second Hilterbrick reunion was held on July 31 at the Taneytown Memorial Park, Taneytown. There were 45 present, representing six states, Maryland, Virginia, New York, Pennsylvania, Wisconsin, and Illinois.

Recognition was given to the people who came the farthest: Mr. and Mrs. George B. Clifton, Onarga, Ill.; Mr. and Mrs. David C. Welcomer and family, Wauwatosa, Wis.; Mr. and Mrs. Donn W. Hilterbrick and family, East Syracuse, N. Y., and Mr. and Mrs. Frank Hawk, Hampton, Va. Also, the two oldest members present, Charles Hilterbrick and Quillie Weant, and the youngest, Irene Hilterbrick, daughter of Robert Hilterbrick, Baltimore, were recognized.

The following officers were elected: C. David Hilterbrick, president; Walter W. Hilterbrick, vice president; secretary-treasurer, Ruth H. Simpson, and Maurice I. Hilterbrick, historian.

It was decided to hold next year's reunion on the last Sunday in July at the same place.

MEMPHIS, Tenn. (AP)—Jesse H. Turner, a Negro bank executive, Thursday became the first Negro to win public office in Shelby County since Reconstruction Days.

Turner defeated two white opponents in the race for the county Democratic executive committee from the 7th District.

## GARBAGE RULE IS ADOPTED

The East Berlin borough council at its meeting Tuesday evening voted to adopt an ordinance requiring that all garbage and refuse in the borough be conveyed to a sanitary landfill for ultimate disposal.

The ordinance will also regulate the collection system in requiring that a collector be licensed; that the manner of preparing and packing garbage and refuse for collection and disposal be regulated and that penalties for violations be spelled out.

Attorneys Charles Wolf and Donald Oyler of Gettysburg were in attendance in the interest of the Adams Sanitation Company and asked the council to adopt such an ordinance.

A license fee was set at \$30 a year and a license granted to the Adams Sanitation Company for three years. The company is required to furnish a performance bond in the amount of \$7,500.

Authorization was given to blacktop Fifth Street and Garden Lane.

Council members were invited to participate in the fire company parade August 11. A special meeting of council will be held August 16 at 8 p.m. at which the water situation in the borough will be discussed.

The meeting was in charge of president Charles Fahs. Those present were Burgess Phillips, councilmen Leas, Krall, Chronister, Fahs, Shetter, Smyers and Jacobs. Also in attendance were Carroll Volland, tax collector Fahs and engineer Saylor.

## STRING MUSIC

nilde, music department chairman, Gettysburg College.

Forty persons have already enrolled.

### Presser Foundation

The conference is co-sponsored by the Theodore Presser Foundation of Philadelphia, which has underwritten staff costs, and Gettysburg College, which is making its facilities available. It is expected to become an annual event.

Features of the camp will be workshops in all string instruments and chamber music, string education workshop, string orchestra, concerts and recitals and junior string ensembles.

General chairman Van Sickle is on the staff of Mankato, Minn., State College. Paul Rolland, program chairman, is head of the string department of the University of Illinois school of music.

Mr. and Mrs. Jesse Scott, Gettysburg R. 4, sold a property in Cumberland Twp. for \$400 to Mr. and Mrs. Frank L. Williams, Gettysburg R. 3.

### Youth Orchestra

Rabian, of Boston University, will conduct a youth orchestra. The first such summer string conference, sponsored jointly by ASTA and the National Music Camp at Interlochen, was held in 1950. Constant growth of this affair led to expansion of the summer offerings to provide study and vacation opportunities to string teachers and players in other regions of the country.

The Colorado String Conference was organized in 1959. Its success prompted establishment of similar camps in California, and at Gettysburg College to serve the East and West coasts.

The conference at Gettysburg was suggested by Dr. F. William Sunderman of Philadelphia. Dr. Sunderman, prominent physician, Gettysburg College alumnus and chamber-music enthusiast, attended the Colorado conference.

"Excellent living accommodations and recreation facilities together with the various musical offerings will make this a memorable event for all those attending," Van Sickle declared.

## Polaris Missile Increases Range

CAPE CANAVERAL, Fla. (AP)—

The launching of a Polaris over its intended operational range for the first time has pushed the submarine missile over another major hurdle in its fast-paced development program.

One of the stubby rockets streaked 1,300 miles down the Caribbean range Thursday. This is 150 miles farther than any previous Polaris flight and only 80 miles short of the planned initial combat range of 1,300 miles.

The land pad launching was the fourth Polaris shot in six days and 10th in a month. The system passed a big milestone in the last three weeks when three of four underwater launches from a nuclear submarine were successful.

Atomic Bomb; More Trouble  
For Japanese: The United States  
Army Air force has released on the  
Japanese an atomic bomb  
containing more power than  
20,000 tons of TNT. It produces  
more than 2,000 times the blast  
of the largest bomb ever used before.

The bomb was dropped 16  
hours ago on Hiroshima, an important  
Japanese Army base. The president said that the bomb  
had "added a new and revolutionary  
increase in destruction" on the Japanese. Mr. Truman  
added: "It is an atomic bomb. It is a harnessing of the basic  
power of the universe. The force  
from which the sun draws its  
power has been loosed against

Saturday afternoon in the Minersville  
Methodist by the Rev. Clarence B. Fulton.

Horseshoe Causes Head-on Collision: Two cars collided head-on  
on the Lincoln Highway, five and a half miles east of here Sunday  
afternoon at 2 o'clock when one driver allowed his car to veer to the  
left side of the road while he attempted to chase a horseshoe out  
of the vehicle. Damage totaled about \$200.

Scouts To Camp In Bedford County: Boy Scout Troop 77, sponsored by the Lions and  
Rotary clubs, left Sunday for a week's camping trip in Bedford county with their scoutmaster,  
Jack Cessna.

Those making the trip include:  
Panther patrol, Thomas Hess, John D. Raffensperger, Beaver patrol, Ray and Ivan Breighner; Wolf patrol, Donald Menges, William Ziegler, Alfred LeVan and  
Teddy Hay.

Electric Coop Members Hold Annual Meet: The growth of the Adams Electric Cooperative, Inc., of Gettysburg from May, 1941, when the first lines were energized here to its present status with 2,657 customers and 854 miles of line in service was traced in official reports at the annual meeting of the membership Saturday afternoon at Bräu Chapel on the college campus.

COUNTIAN GETS PURPLE HEART: Naval Hospital, Aiea Heights, Oahu — T. H. Ralph C. Nary, electrician's mate, first class, USN, son of John Nary, Orrtanna R. I., was recently awarded the Purple Heart for wounds received in action in the Pacific. Nary received the medal at impressive ceremonies held here at which Lt. Gen. Roy S. Geiger presented the awards to over 500 Navy and Marine Corps veterans of recent Pacific battles.

May Form AMVETS Post Here Tonight: The program and purposes of the AMVETS, American Veterans of World War II, will be explained at a meeting to be held this evening at 8 o'clock in the Hotel Gettysburg when first steps toward the formation of a post of the new veterans' organization in this county may be taken.

Cousins Meet On Okinawa Recently: S/C Fred R. Arnold, son of Mr. and Mrs. Rudy Arnold, South Main Street, Biglerville, and his cousin, Pfc. James George, Spring Grove, met recently on Okinawa, according to a letter received by the Arnolds from their son.

New York was the fifth largest state, behind Virginia, Pennsylvania, North Carolina and Massachusetts, in the first census in 1790.

## Today's Talk

MAKE IT YOUR BUSINESS  
TO KNOW

It's the things you know—that  
you know you know—that make  
you strong and unshakable.  
Judgment, as a wrapping to de-  
cision, forms the greater part of  
success.

General knowledge, taken up  
by the truck-load and carried  
around, makes a man so cumbersome  
in his actions that he gets  
but a small way. But if he has  
learned to select, to crystallize,  
to make his own the things that  
are vital and important, he  
enters the leader class at once.  
He knows—and he knows why he  
knows.

Nothing rattles the rafters of  
the house of character like the  
little and big don't knows. Your  
pride is never lessened by admitting  
you do not know everything  
but it is sorely bruised and  
bent by not being able to know,  
at the crossroads of everyday  
experience, just how to handle the  
things you do know.

The business man makes it his  
business to know people, as does  
the publisher, the writer, the  
artist, the entertainer, or the  
statesman.

I engaged an office boy many  
years ago. I liked him. I'd go to  
him for information and he'd tell me  
in yes's or no's. He never  
said he didn't know—least of  
all. And I always noted that when he did not  
know what I wanted to glean  
from him, he'd find out.

You never know when you will  
be wanting to know something  
that may not now seem important  
to know. So do not shove too  
much information aside. Stamp it.  
Label it and put it into a  
handy place. Make it your busi-  
ness—to know!

Tomorrow Mr. Adams will talk  
on the subject: "The Unsung  
Heroes and Heroines."

## THINK WELL OF YOURSELF

Think well of yourself, not in  
way, But think of yourself every hour  
of the day;

Think enough of yourself not to  
lie or to cheat  
Or to sell out your honor to ward  
off defeat.

Think enough of yourself not to  
lower your aim;

Think too much of yourself to be  
taunted with shame.

When tempted to stoop for some  
things which men boast

Oh, let it be said that you loved  
yourself most.

Self is the sacredest treasure  
hold,

So value it more than great  
fortunes of gold.

Let nothing of victory, glory or  
self

Belittle the value you place on  
yourself.

Gullible Hardware  
Turns Over Arsenal

ATLANTA, Ga. (AP) — A man  
posing as a representative of the  
Stone Mountain Prison branch  
talked an Atlanta hardware store  
out of 14 revolvers, 6 shotguns  
and more than 1,000 rounds of am-  
munition.

Salesman H. A. Keller told de-  
tectives the man called July 28,  
said he was Warden Hoke Smith  
and placed the order. That after-  
noon, Keller added, a man picked  
up the hardware and signed for  
it with the name S. L. Green.

Smith was stunned when he got  
the invoice. He quickly notified  
other authorities and the search  
for the culprit was on.

Smith said the man's description  
fits a prisoner given his con-  
ditional release Dec. 15.

Trains Roll Again  
On Long Island RR

NEW YORK (AP)—The trains  
were rolling again today on the  
Long Island Rail Road, shut down  
for 26 days by a trainmen's strike.

Passenger trains started run-  
ning shortly after midnight.

With the resumption of service,  
commuters could look forward to  
a fare increase — estimated at  
about \$26 a year for each commu-  
nity ticket. Part of this would be  
used to pay for the peace pact  
agreed to Wednesday with the  
road's 1,350 striking Brotherhood  
of Railroad Trainmen — con-  
ductors, ticket takers, switch tenders  
and brakemen.

The trainmen gained a five-day  
week with no reduction in wages  
that had averaged \$8,000 a year  
for a six-day week.

Issue Ultimatum  
In Kansas Strike

KANSAS CITY, Mo. (AP)—The  
state will seize the strike-bound  
Kansas City Power & Light Co. to-  
day unless a wage dispute is set-  
tled, says Gov. James T. Blair.  
Union officials say they will defy  
strike order.

The governor issued his ultimatum  
Thursday night, saying the  
company and Electrical Workers  
Local 1464 had had plenty of time  
to settle their dispute.

Blair said he would invoke Mis-  
souri's anti-strike law which pro-  
vides for technical seizure of a  
utility if a strike endangers public  
welfare. Supervisory employees  
have been operating company facil-  
ties since the strike began  
three weeks ago. There has been no  
suspension of service.

Issues include wages and work-  
ing conditions but details of the  
dispute have never been released  
to the public.

NEW WESTERN  
MAKES DEBUT  
ON TV SCREEN

By CYNTHIA LOWRY  
AP-TV Radio Writer

HOLLYWOOD (AP)—If there's  
anything television needs at the  
moment, it's a new Western. And  
it got it Thursday night: NBC's  
new "Wrangler."

This one is centered about the  
usual tall, slim iron man, fast  
with a knife and with dynamite  
in his fists. In the first show, the  
main character is a helpless, pretty  
girl who is having trouble round-  
ing up the herd.

First thing you know, Pitcairn,  
our hero, is range boss and un-  
masks the villain before he can  
set off two sticks of stolen dynamite.  
Then Pitcairn rides off into  
the sunset alone.

38th parallel in an apparent at-  
tempt to force him back, the South  
Korean air force said.

the fleeing Lt. Chung Nak-Hyun

38th parallel in an apparent at-  
tempt to force him back, the South  
Korean air force said.

Really Different

This may sound a little familiar,  
but "Wrangler" really is differ-  
ent. For instance, hero Jason  
Evers is the first TV top hand to  
sport a ring on his little finger.

It's principal distinction, how-  
ever, is that it is the first Western  
produced on TV tape instead of film.  
Maybe that was why the out-  
door scenes looked a little fuzzy.

Valentino rode into the sunset,  
too, but he was with the girl.

This promises to be a most in-  
teresting series, for young people  
who never saw a silent movie—  
and particularly for older people  
who remember the good old days.

ABC's "Untouchables" is aban-

doning domestic gangsters for the  
international brand on at least  
one show. It is currently shooting an  
episode dealing with the Ger-  
man-American Bund in pre-World  
War II days. The show is not  
scheduled for broadcast for  
months.

Fascinating Half Hour

Later, ABC's nostalgic new "Si-  
lents Please" started with a digest  
of "Son of the Sheik," Rudolph  
Valentino's last film. It was a fas-  
inating half-hour, the more so be-  
cause the old pre-talky movie was  
treated seriously. The commentator  
merely filled in the plot, omit-  
ting jokes and patter.

Cards Beat Braves Again  
And Take Over 2nd Place;  
Bucs Beat L.A.; Phils Lose

By JOE REICHLER

Associated Press Sports Writer

"Los Angeles did it last year.

Why can't we do it this year?"

That was St. Louis Manager Solly Hemus' reply today when asked whether he thought his Cardinals could make the jump from seventh to first place in one year.

"What would you say the odds were last spring against our being in second place this late in the season?" he asked.

**Sweep Series**

That's exactly where the surprising St. Louis club landed Thursday night after knocking off Milwaukee, 4-2, to sweep the three-game series with the Braves and extend its winning streak to seven games.

The defeat was the Braves' fourth straight and dropped them into third place, half a game behind St. Louis and four lengths back of Pittsburgh.

The Pirates defeated the Dodgers 4-1 to remain 3½ games in front of St. Louis. San Francisco came from behind to nip Philadelphia 8-7 and the Chicago Cubs downed Cincinnati 5-2.

**Day of "Firsts"**

Thursday was a day of "firsts" in the National League. The Cards whopped Bob Buhl for the first time this season. He has beaten them twice.

Ray Sadecki, 19-year-old southpaw, hurled a six-hitter and helped register his sixth victory with a pair of singles.

George Witt posted his first victory in the rubber of the three game series with the Dodgers.

Rocky Nelson's homer and Dick Groat's sacrifice fly following Bill Virdon's triple, snapped Don Drysdale's six-game winning streak and enabled the Pirates to defeat the Dodger's right-handed ace for the first time this season. He has beaten them twice.

**Antonelli Winner**

Willie McCovey's first hit since his recall by the Giants—two-run pinch hit triple in the seventh—climaxed a five-run rally that enabled the Giants to overcome a 7-3 deficit. Johnny Antonelli won his fourth game.

Bob Will drove in two runs with a single in the seventh to break a tie and give the Cubs their third victory in the four-game set with the Reds.

**Reds-Cubs Fuss**

The most damaging blow, however, was thrown by the Reds' Billy Martin. Objecting to a close pitch by rookie Jim Brewer which he claimed was deliberately thrown at his head, Martin first flung his bat out toward the mound, then charged out and clipped Brewer under the right eye.

The 22-year-old rookie southpaw of the Cubs suffered a fractured orbital bone. He is expected to be out for a month. How long Martin will be out or how much he will be fined has not yet been determined. National League President Warren Giles has taken the matter under advisement.

## SEEDED STARS TOP NET PLAY

MIDLAND, Tex. (AP)—The four top-seeded players, following predictions to perfection, square off today in the semifinal round of the seventh International Jaycee Tennis Championships.

Only Texan Butch Newman of San Antonio was extended in quarter-finals play Thursday, needing three sets to beat Fritz Schunck of Orlando, Fla., 3-6, 6-6, 6-2.

Newman, seeded fourth, faces top-seeded Paul Palmer of Phoenix, Ariz., in today's feature match. Palmer Thursday rolled over John Hedrick of Garden City, N. Y., 6-1, 6-3.

David Reed, La Jolla, Calif., meets Clark Graedner, Lakewood, Ohio, in the other semifinal skirmish.

Second-seeded Reed moved past Andy Lloyd, Shreveport, La., 6-1, 6-1 and Graedner plastered Cliff Buchholz, St. Louis, Mo., 6-3, 6-3.

In the boys' division semis today Tom Maxeiner, St. Louis, meets Gary Rose, San Pablo, Calif., and Warren Slemmons, Seattle, plays Steve Foster, North Hollywood, Calif.

Batting—Earl Battey, Senators, ex-Chicago catcher, hammered a two-run homer in the eighth to give the Senators a 2-1 triumph over the White Sox.

Pitching—Ray Sadecki, Cardinals southpaw, hurled a six-hitter as the Cardinals whipped Milwaukee 4-2 for a sweep of the three-game series.

HERSHEY, Pa. (AP)—The Philadelphia Eagles of the National Football League held a half-hour scrimmage Thursday and Coach Buck Shaw reported he was pleased with the "improved pass blocking" and the work of sophomore tackle J. D. Smith.

**Grand Final**

Now comes the tension-packed finale. There were finals in nine events and preliminary competition in three more today and to night.

Rain pelted down during much of the day-long competition, but it failed to stop pretty young Lynn Burke of New York and stocky Mike Troy of Indiana University from setting world marks.

Miss Burke, 17, broke her own record in the 100-meter backstroke. She did it in 1:10.0 in preliminary heats.

**Butterfly Mark**

Troy bettered his own world mark with a 2:13.2 performance in the 200-meter butterfly.

Ann Warner, 15, and American record holder in the 200-meter backstroke, gained an Olympic stretch drive.

This is the final day of the four-day competition. Eighteen spots have been grabbed off by a host of eager kids and a trio of veterans.

Backstroker Frank McKinney and divers Paula Jean Pope and Gary Tobian have wrapped up their second Olympic trips. Eleven berths were taken up the first day, and seven more Thursday.

WEST CHESTER, Pa. (AP)—Gail Songerath of West Palm Beach, Fla.; Betty Maycock, of Parma, Ohio, and Mrs. Muriel Davis Grossfeld of Urbana, Ill., head a field of six women gymnasts who will represent the United States in the forthcoming Olympic Games.

Miss Songerath, 16, the 1960 Women's national gymnastics champion, finished with a top score of 149.432 out of a possible perfect 160 points Thursday night in the final trials for the team.

Miss Maycock, 17, runnerup in the 1960 Pan-American games, came in second with 148.566 points. Mrs. Grossfeld, 19, a member of the 1956 Olympic team, was third with 146.568 points.

The other three qualifiers were Teresa Montefusco, 19, of Peoria, Ill., 149.96; Doris Fuchs, of Rochester, N. Y., a member of the 1956 team, 144.401, and Sharon Richardson, 17, of Jackson, Mich., 144.167.

The trials consisted of compulsory and optional routines on the balance beam, vaulting horse, uneven parallel bars and free calisthenics.

## JIM BREWER IS SIDELINED BY PUNCH IN FACE

By CHARLES CHAMBERLAIN  
Associated Press Sports Writer  
CHICAGO (AP) — Jim Brewer, Chicago Cubs' rookie southpaw pitcher, today was out of baseball at least a month and possibly for the rest of the season after suffering a serious face injury from a punch by Billy Martin.

Martin, scrappy Cincinnati Reds second baseman whose career has been dotted with brawls, punched the 22-year-old Brewer Thursday in a second inning outburst of the Cubs-Cincinnati game.

Dr. Arthur Metz, Cubs' physician, said the orbit bone below Brewer's right eye is fractured and that an area of one inch is depressed by half an inch.

### Specialist Called

An eye specialist has been called in to determine if sight has been impaired and for surgery, which may be delayed because of swelling.

The incident resulted in the most serious bodily injury to a player because of a brawl since New York Yankee catcher Bill Dickey's poke broke Carl Reynolds' jaw about 30 years ago. Dickey was fined \$1,000 and suspended for 30 days.

Martin was awaiting word today from National League President Warren Giles who said he would not take any action until studying a report of the umpires.

### Martin Thrown Out

Martin was at bat Thursday when a Brewer pitch made him duck away. The ball caromed off his bat and hit his helmet. On the next pitch, Martin swung and sent his bat flying to the side of the mound.

Martin then walked toward the bat, met Brewer coming over, and let fly a right to the pitcher's face. Players poured in and wrestled the two to the ground.

Martin was banished, and while stewing in the Reds' dugout, Brewer returned to the Cubs' dugout. There he got a broken bat handle and started to march across the field towards Martin.

Brewer was stopped by teammates before he could get far. Later he was taken to Wesley Memorial Hospital.

### Knocked Down Three Times

"Brewer threw at my head, and nobody is going to do that," said Martin. "I was in the hospital last year when I got hit in the face by Tex Clevenger of Washington.

"Nobody's going to throw at my head again. That first pitch by Brewer was behind my head and Cub pitchers knocked me down three times Wednesday."

# U. S. PROVIDES \$12 BILLION OF ECONOMIC AID

By JOHN M. HIGHTOWER

WASHINGTON (AP) — The United States and other industrial countries have poured 18 billion dollars worth of economic aid into undeveloped nations during the past six years. The American total was over 12 billions.

But the State Department says greater effort is needed to fill growing requirements, particularly in Asia and Africa, and to meet the expanding economic challenge of the Soviet Communist bloc.

### 14 Other Counties

The United States has supplied two-thirds of the economic assistance covered in the report for a total of \$12,025,000,000. Fourteen other countries, including Britain, France, Canada, Australia, Japan and West Germany provided loans, grants and other assistance totaling \$5,904,000,000.

The report to Congress emphasized that the United States is doing everything possible to get the other industrialized countries

to increase their aid. But it said that in view of the vast needs such increases could not be counted on to bring any reduction in the U.S. effort.

### ONLY ONE BID

HARRISBURG (AP) — Only one bid was received on a strip mine experiment to reduce water discharges from old deep mines, reports the State Forests and Waters Department.

The B. G. Wertz Coal Co. of Greensburg Tuesday offered to pay the state a royalty of 26 cents for each ton of coal mined in the experiment. The test is slated to be carried out in the Susquehanna State Forest, Clinton County.

### GARY CROSBY ILL

LAS VEGAS, Nev. (AP) — A mild heart condition requires Gary Crosby to end his Flamingo Hotel engagement a week early. Crosby, son of crooner Bing Crosby, has been under a doctor's care. His condition has been aggravated by recent diet, and the physician has ordered rest.

each of ton of coal mined in the experiment. The test is slated to be carried out in the Susquehanna State Forest, Clinton County.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### PIKE'S PEAK TRIP, RODEO HIGHLIGHTS OF JAMBOREE

A trip up Pike's Peak, a visit to the U. S. Air Force Academy, a western rodeo and a flying display by U. S. Navy *Supersonics* "Angels" were extra highlights of the national Boy Scout Jamboree which James and Robert Hahn, sons of Mrs. Kathryn M. Hahn, W. Myrtle St., Littlestown, enjoyed on their trip to Colorado Springs.

They were among five Black Walnut District Scouts who attended the jamboree which marked the 50th anniversary of Scouting.

James was assistant Scoutmaster of the Jamboree Troop 58 and Robert was a junior assistant Scoutmaster of the same troop composed of boys from York except for James and Robert. Thirty-seven boys and three adult leaders were in the troop, and a total of 75 boys and six adult leaders from the York-Adams Area Council attended.

They left by train from Harrisburg and stopped over several hours in St. Louis, Mo., spending

this time by taking a river boat ride down the Mississippi on the steamship Admiral. They arrived in Colorado Springs on Tuesday, July 19.

On July 20 they took a trip up Pike's Peak which has an elevation of 14,000 feet and the boys enjoyed a snow ball battle there.

#### Stopped In Chicago

They also visited the U. S. Air Force Academy which adjoined the grounds of the Jamboree.

On their return, they stopped over Saturday for several hours in Chicago and visited the Science and Industrial Museum and arrived in Harrisburg on Sunday morning, July 31.

The Jamboree was composed of nearly 57,000 boys and leaders and covered an area of over 2,000 acres. The camp was laid out in 39 sections, composed of 1,326 troop sites.

#### Opened With Pageant

The Jamboree officially opened July 22 with a pageant depicting the history of America and the cast was composed of over 5,000 Scouts. The narrator was James Arness, who plays Marshal Matt Dillon on *Gunsmoke*, and he entered the stage on his horse.

The pageant was followed by a large display of fireworks from the Jamboree grounds and part from atop Pike's Peak.

All boys had the opportunity of working and earning the Adventure Award. Robert was awarded that honor.

Sunday, all Scouts attended the church of their choice, there be-

ing over 25,000 attending the Protestant service in the arena. Scouts were present from 28 countries. Among them were 348 Scouts and leaders from Canada.

#### Saw Cowboy Rodeo

Every day starting at 4 o'clock, they had a wind storm followed by rain which soon quickly disappeared and during the day the temperature was 105 and would drop to 40 or 47 during the night.

The big pastime during leisure moments was swapping with insignia patches being the most in demand.

#### A western rodeo was presented

July 25 by the leading cowboys of the West.

July 26 the U. S. N. supersonic "Angels" put on a display. Their planes flew at 1,200 miles per hour, coming down to the ground as low as 300 feet in formation.

All boys present agreed this was an experience they would never forget.

Mrs. Hahn and son, Charles, accompanied her brother-in-law and sister, Mr. and Mrs. Clyde Sternier, on a trip to the Jamboree, spending some time in the Black Hills of South Dakota. Bad Lands of South Dakota, visited the Ute Trail Rodeo outside Colorado Springs, spent some time at the Jamboree. They visited Pike's Peak, Mt. Rushmore and the graves of Wild Bill Hickok and Calamity Jane on Boot Hill in the town of Deadwood, S. D. In all they traveled over 5,300 miles and visited 17 states.

#### Active In Scouting

All three Hahn boys are active in Scouting and have been so for a number of years. James was a charter member of the Cub Scout pack of Littlestown, served as a patrol leader in the troop and held office in the post, and is assistant Scoutmaster of the troop, associate advisor of the post, and assistant district commissioner of the Black Walnut District. About seven years ago, he organized the first Cub Scout Webelos den and has served as leader continuously since then until this summer when he turned it over to his brother, Robert.

Robert is senior patrol leader of the troop, treasurer of the post and is vice president of the Explorer Cabinet of the Black Walnut District.

Charles is the secretary of the troop and is president of the Explorer Cabinet in the district.

All three are members of the Order of the Arrow of Tuckahoe Lodge which is a fraternal organization of Scouting. James and Robert being at present Brother-

The *Couriers' Quartet* of Harrisburg, gospel singers who have appeared on radio and television across the United States, are pictured above with their accompanist. Three of the group are ministers. They will sing at the 11 a.m. service at the Assembly of God Church, Fish and Game Rd., Littlestown, on Sunday.

## CLASS OF 1940 AT LHS HOLDS FIRST REUNION

The Littlestown High School Class of 1940 held the first reunion since graduation 20 years ago on Sunday in St. John's Lutheran Church grove, near town. Fifty persons were in attendance, including 14 members of the class.

In the absence of Joseph Riden, Oberland Park, Kans., a business meeting was conducted by Clarence J. Krichen Jr. Prophecies which appeared in the class yearbook were read after which the class members present gave a resume of their activities since graduation and introduced their families. It was decided to have a get-together in five years, when each family will provide a basket lunch.

A committee to make arrangements for the 25th anniversary was appointed as follows: Walter C. Myers, chairman, Lucille Stambaugh Zepp, Anna Hess Harner and Clarence Krichen Jr. Mrs. Elva Wine Weaver was acting secretary on Sunday and also chairman of the committee for the first reunion. Assisting her were Mrs. Arlene Wildasin Greason, Mrs. Anna Hess Harner, Clarence Krichen Jr., Walter Myers and Kenneth Halter. This group prepared and served a buffet supper following the meeting. Letters were read from absentees members by Mrs. Weaver as follows: Joseph Riden, Kansas; J. Victor Gordon, Portland, Ore.; Peggy Spalding Hunt, Crystal Lake, Ill.; Edna Mathias Roshelli, Berwyn; Clyde Harner, Glen Burnie; Ralph V. Bowers, York Haven, and Robert Mehring, Mebane, N. C.

#### Prizes Awarded

Prizes were awarded to Claude Eckenrode, Tampa, Fla., for coming the longest distance; to Mr. and Mrs. Kenneth Halter, married the most recently, seven years; Patricia Halter, the youngest child, four years. A special award was given to Randolph Zepp.

Music was furnished during the afternoon by Judith Myers at the electric organ. Games and fellowship were enjoyed during the affair.

Other officers of the class were vice president, Winfield Lippy; secretary, Ralph Bowers; treasurer, Charles Tressler; historian, Evelyn Mathias Mayers.

Those in attendance on Sunday were Lewis and Sarah Jean Appler Crawmer and children, Douglas, Carolyn and Bryce; Bruce and Ruthanna Bowers Phipps, children, Grayson Lorinda, Jesslyn, Joseph and Laura; Kenneth Halter and daughter, Patricia, Milton and Anna Hess Harner, daughters, Patricia and Dorothy; Mr. and Mrs. Clarence J. Krichen Jr., daughter, Karen; Robert and Evelyn Mathias Mayers, daughters, Ruth and Marilyn; Mr. and Mrs. Walter Mayers, children, Judith and Kenneth; David and Arlene Wildasin Greason, daughter, Barbara; Bernard and Elva Wine Weaver, son, Bernard, all of in or near town; Claude Eckenrode, Tampa, Fla.; Clyde and Grace Flickinger Sternier, Hanover; Charles and Sheila, Montclair, N. J.

The Alpha Ladies' Auxiliary will conduct a bazaar stand on Saturday late afternoon and evening, when fancywork, homemade cake pies, candies, etc., will be available. Anyone in town is invited to give something for the stand, and all donations should be at the playground by 2 p.m. Mrs. Beverly Kehil, president, urges all members to volunteer their help at the carnival refreshment tent tonight and Saturday.

#### Rain Hurt Thursday

The following prizes will be awarded Saturday night at the close of the carnival on the grounds: One-ton air conditioner, high fidelity stereo console, two-piece living room suite, two-piece set of luggage, reclining chair, transistor radio, floor polisher, coffee pot and frying pan.

The rain on Thursday evening ruined the carnival activities. The scheduled entertainment was unable to appear.

Young carnival goers weathered the rain for the matinee from 6 to 8:30 p.m., when all rides were ten cents each.

**Littlestown Man Promoted Abroad**

Sgt. 1c Joseph A. Kress, 31, son of Mr. and Mrs. Roger W. Kress, 102 Cemetery St., Littlestown, recently received his third award of the Army's Good Conduct Medal while serving with the 619th Armored Engineer Company in Straubing, Germany.

Kress, an assistant platoon sergeant, received the decoration for his exemplary behavior, fidelity and performance of duties.

He entered the Army in February, 1947, and arrived overseas in April, 1959, on this tour of duty.

The Southe Adams 4-H Club will have an outing Thursday, August 11, at Crouse's Pool, along the Littlestown-Taneytown Rd.

Robert J. Eckenrode, Harry Eline and H. Allen Epley will be in charge of the entertainment at the August meeting of the Littlestown Fish and Game Association, Inc., next Wednesday at 8 p.m. at the Fish and Game clubhouse.

## Scientists Demonstrate 480,000-Mile Telephone Call Feasibility Via Moon

BY JOHN BARBOUR  
Associated Press Science Writer  
HOLMDEL, N.J. (AP) — Two scientists carried on a 480,000-mile conversation Wednesday night, from a soggy New Jersey hilltop to the torrid California desert—via the moon.

"Hi, Walt. Can you hear me?" asked William C. Jakes of Bell Laboratories, from Crawford Hill, N.J.

"Yes, yes, you're coming in fine," answered Walter K. Victor at the California Institute of Technology's Jet Propulsion Laboratory Station, Goldstone, Calif.

**Hollow Voice**

The voice of Victor sounded a little hollow—as if he were talking into a barrel. This was caused one scientist explained, by the irregularity of the moon's surface.

Both voices, translated into radio beams, flashed skyward at the speed of light—186,000 miles per second—and bounded off the moon to be picked up by receivers on the earth.

It wasn't the first such conversation for Jakes and Victor, both 38. They had others during the past weeks in tests of the equipment.

**Dramatic Demonstration**

But it was a dramatic public demonstration of the principle in a Bell Telephone plan, outlined recently to the Federal Communications Commission, calling for 50 space satellites around the earth to provide quick worldwide communications.

Jakes spoke into an ordinary black table model telephone—a ridiculous contrast in itself to the gigantic equipment it commanded into operation.

His voice buzzed over telephone wires to the giant transmitter, a 60-foot dish on a huge pedestal, moving almost imperceptively to keep its aim on the moon.

At Goldstone, the moon echo was caught by a gigantic horn-shaped ear.

The weak signals returning from the moon were amplified by ruby masers—the remarkable electronic devices that make such radio feats possible.

## Rail Union Leader Asks Rules Support

CHICAGO (AP) — James A. Paddock, president of a railroad union, says he will urge the carriers to reconsider their rejection of a special commission to study possible changes in work rules and wage structures.

The railroads initiated the call for work rule changes, but rejected the special commission proposal because its rulings wouldn't bind.

Paddock, president of the Order of Railway Conductors and Brake- men, said Wednesday he will ask the lines to reconsider. The commission would include three representatives each from the unions, railroads and public.

One of the principal changes in work rules demanded by the railroads is elimination of firemen on diesel locomotives in yard and in freight service.

## RAILROADERS ON BUS OUTING

HARRISBURG (AP) — Raising clenched fists, Raúl Castro told a midnight meeting of the Red-tinted Latin-American Youth Congress that his ailing big brother Fidel will bounce back with a vengeance.

Scotching at rumors the Prime Minister is seriously ill or will be replaced, the 29-year-old minister of armed forces declared: "The best answer for those people (who spread rumors)—they're going to get it directly."

Raul, heir-designate to the leadership of the Cuban revolution, said his 34-year-old brother is "resting well" and "is really strong."

"Those detractors and the cynical international press and rumor-mongers are going to feel the strength of Fidel," he declared.

**New Assault Looms**

"Let them on looking at the Official Gazette have a doctor at their side."

This was taken as a warning that some new retaliatory laws—especially against Americans—are being cooked up. The Castro regime, in ruling by decree, puts laws into effect by publishing them in the Official Gazette.

Raul was in a fiery and confident mood in his first public appearance since returning from a visit to Moscow and talks with Soviet Premier Nikita Khrushchev.

The youthful revolutionist hit hard at the theme of spreading the Cuban revolution through the Western Hemisphere.

## Manassas Re-enactments Most Advanced Of 63 Civil War Centennial Programs

Sixty-three ceremonies, observances and re-enactments ranging in importance from programs requiring only a handful of participants to some demanding several thousand, already have been planned for the five-year Civil War Centennial that will begin next January 8.

In giving this report, Karl S. Betts, executive director of the National Centennial Commission, said he was well satisfied with the progress of the various state commissions to date. Twenty-three states are involved in programs already announced.

Noticeably predominant in the list are commemorative ceremonies. Only five battle re-enactments are included.

**Policy Aims**

"This is in line with our policy of discouraging re-enactments," Mr. Betts explained. "Certain of them, such as First Manassas and possibly others, are essential to the overall program, but too many of them would be a bad feature. A lot of money, time and effort is required to stage them, and too many would be monotonous."

Perhaps the most advanced re-enactment to date is that scheduled to be held on the field of First Manassas near Manassas, Va., July 22-23 of next year. The spectacular demonstration will be repeated on successive days, with participation by contingents from each of the 23 states represented in the original battle, by the North-South Skirmishers, National Guard and possibly other units. Both the Defense Department and the National Park Service are cooperating.

Backed by a \$10,000 appropriation from the Virginia General Assembly, the local committee in charge of plans for the re-enactment, originated by the Manassas Chamber of Commerce in cooperation with the Virginia Centennial Commission, has incorporated under the name of First Manassas Corporation and has started out on a campaign to raise \$250,000 with which to make the outstanding event.

**General Fry Named**

Recently the corporation worked as its full-time executive director Major-General James C. Fry, (USA ret.), commander of the famed Blue Devil Division during World War II and a veteran well known in military and defense circles. Headquarters offices have been established both at Manassas

## State Soil Group Approves Grants

HARRISBURG (AP)—The State Soil Conservation Commission said today three applications for federal assistance in small watershed flood prevention projects have been approved.

They are the 7,500-acre Satterlee Creek Watershed, Bradford County; the 10,760-acre Briar Creek Watershed, Columbia and Luzerne Counties, and the 3,500-acre Kaercher Creek Watershed, Berks County.

The proposed 20,000-acre Sugar Creek Watershed project in Bradford County was rejected because field examinations indicated the cost would exceed benefits.

## DAUPHIN JURY MEETS SEPT. 10

The grand jury of Dauphin County is expected to be asked September 10 to indict Edward W. Hepford, 47-year-old Camp Curtin Junior High School teacher, for the murder of Richard Mattingly. District Attorney Martin H. Lock, Harrisburg, said the grand jury will be convened at that time.

Hepford has been accused of murdering Richard M. Mattingly, 31, local tailor, whose body was found in his partly submerged auto in the Susquehanna River June 29.

Hepford was graduated from Gettysburg College in 1935. He ran for the Republican nomination for Congress from the 16th District in 1938 but was defeated. Hepford has given no reason for the shooting other than "he was bugging me and digging me while we were drinking at the dinner" that morning.

Mattingly had operated Dick's Shop at 28 Chambersburg St. for the past three years before his death.

Alabama will stage two other ceremonies in February, both at Montgomery. On the 4th, the Confederate Constitutional Convention will be commemorated, and from the 12th to 18th, in programs of picturesque detail, attention will be called to the arrival and inauguration of President Jefferson Davis.

The counterpart of this inauguration, that of the Union President, Abraham Lincoln, will be staged at Washington, D. C., on March 4. Under the direction of the District of Columbia Civil War Centennial Commission, a giant parade, with some of the marchers in period uniforms and carrying authentic Civil War weapons, will be held through the streets of the city. That night the ceremony will wind up with a colorful

inaugural ball.

South Carolina again will enter the Centennial picture on April 12. At that time an authentic re-enactment of the attack on Fort Sumter, including the bombardment and surrender, will be staged along with allied ceremonies.

Thousands of persons are expected to be on hand, including members of the various state Centennial Commissions, who will assemble there on the day preceding the re-enactment for the fourth annual assembly of the National Centennial Commission.

Between them and the First Manassas re-enactment, several ceremonies are planned. These include programs to mark the battle of Lexington, Mo., May 18; battle of Philippi, W. Va., June 3, and Big Bethel, Va., June 10.

## RESIGNATION OF WHALLEY IS AWAITED

HARRISBURG (AP)—Lt. Gov. John Morgan Davis says he is awaiting word from State Sen. J. Irving Whalley, Republican candidate for Congress, on his announced intention to resign from the Senate.

Davis, presiding officer of the Senate, made the announcement on his return Thursday from a vacation.

Whalley, who represents Somerset County, said at his Windsor home Thursday night he will try to arrange to see Davis soon, but he didn't know when that might be.

### GOP Control At Stake

Whalley has been nominated by mid-state Republicans to run in the November election for the 18th Congressional District seat left vacant by the death of Rep. Douglas Elliott, Chambersburg Republican.

He expressed hope that Davis would agree to call a special election to succeed him at the November election.

"If they don't call an election for November," Whalley said, "I might as well run for Congress and remain in my state position, too."

The timing of an election for a successor to Whalley in the Senate is important. If Whalley resigned, Davis, a Democrat, could let the seat vacant until Whalley's term expires in 1962. This would reduce the Republican membership in the Senate to 25, one less than the constitutional majority required to pass legislation.

Whalley has been accused of murdering Richard M. Mattingly, 31, local tailor, whose body was found in his partly submerged auto in the Susquehanna River June 29.

Hepford was graduated from Gettysburg College in 1935. He ran for the Republican nomination for Congress from the 16th District in 1938 but was defeated.

Hepford has given no reason for the shooting other than "he was bugging me and digging me while we were drinking at the dinner" that morning.

Mattingly had operated Dick's Shop at 28 Chambersburg St. for the past three years before his death.

**PENNA. INDEX RISES IN MAY**

UNIVERSITY PARK, Pa. (AP)—Industrial activity in Pennsylvania rose two points from May to June despite declining coal production, according to Pennsylvania State University.

Its Bureau of Business Research said Thursday the industrial index reached 122 in June, the second highest on record for the month.

Anthracite production was at a record low while bituminous mining was at the lowest point since 1952.

General business index reached a three year high for the month, but, at 196, was a point below the May level.

The bureau said record high bank debts and near-record industrial power sales helped offset lower factory payrolls in calculating the general business index for the month.

June steel production was lower than May and was lower than in June of the previous year. Steel production for the first six months of the year also was less than for the same period last year.

## Nixon Carries Campaign For Top Post To Honolulu

By WHITNEY SHOEMAKER

HONOLULU (AP) — Richard Nixon, pushing his campaign for the presidency in a state without problems of civil rights, Thursday called for an end to discrimination throughout the country.

"This is the objective to which we should certainly aspire in the United States," Nixon said.

The GOP presidential nominee said, however, that desegregation will take time and a new disposition in many areas of the nation.

"It will be the responsibility of the next president to attempt to build in the hearts of the American people the idea that nondiscrimination is not just a legal problem but a moral problem, not a Southern problem but a national problem, not a government problem but a personal problem."

### Interview On TV

Nixon made that statement in a televised interview Wednesday night after a day in which he touched on national security, foreign policy and the complications of civil rights in that policy.

He also emphasized two campaign themes: That the voters should decide which of the candidates — himself or Democratic Sen. John F. Kennedy — has the necessary experience to run the government and that the federal government should restrict its role to situations with which the individual or the state cannot cope.

A crowd of 35,000 lined the streets of Honolulu and gathered before Iolani Palace, seat of the 50th state's government, to welcome the vice president.

### On The Go Constantly

Nixon, by flying to the island group, became the first presidential candidate to court votes outside the continental limits of the United States.

On the go continually, and grabbing a snack when he could, Nixon made a half-dozen ceremonial and handshaking stops during the day.

For the most part, he touched on foreign policy and security. He used Hawaii as an example of practicing equality among people.

Based on his travels, which have taken him to Africa and

Asia, Nixon said the greatest problem of the United States in the battle of ideas is explaining how Americans can talk equality and dignity of man abroad and practice prejudice and inequality at home.

### Security Is First

Nixon directly pulled Kennedy into his line of fire. After he and Mrs. Nixon cast leis of white carnations over the sunken hull of the battleship Arizona in Pearl Harbor, the vice president said any chief executive must give first priority to the nation's security.

As part of that, he emphasized an intelligence service capable of guarding attempts against a surprise attack which could be "incredibly more disastrous" than the sneak blow by which the Japanese bombed the Arizona and other ships of the Pacific Fleet at Pearl Harbor.

Then, speaking to a crowd at Kamehameha Shopping Center, Nixon said:

### No Apology

"There should be no apology for keeping up our intelligence activity so there will never be another Pearl Harbor."

In his speech accepting the nomination, Nixon declared that his Democratic opponent had said President Eisenhower could have apologized to the Soviet Union for the U-2 spy plane incident.

Kennedy has insisted he did not recommend an apology—that Nixon misrepresented his comment about the possibility of expressing regret to save the summit conference Soviet Premier Nikita Khrushchev torpedoed.

## Douglas Dillon Favored As Secretary Of State If Nixon Wins Election

Editors: James Marlow is on vacation. John Scali of the AP's State Department staff takes over for today.

### By JOHN SCALI

WASHINGTON (AP) — Douglas Dillon, 50, a fellow who talks tough to the Soviet Union, but softly to Congress, seems to be the backstage favorite for the job of secretary of state—if Vice President Richard M. Nixon is elected president.

Neither Nixon, the Republican standard bearer, nor Sen. John F. Kennedy, the Democratic presidential nominee, have given solid clues on choices for the top cabinet post. But Kennedy has two leading prospects in Chester Bowles and Adlai E. Stevenson, his foreign policy advisors.

Nixon could always turn to some dark horse candidate as his selection. But lately in Republican circles, the name of Dillon, the State Department's No. 2 man, has been bobbing up in informal surveys.

### Investment Banker

Dillon, a millionaire former investment banker, is mentioned more frequently than former New York Gov. Thomas E. Dewey who has been available as Nixon's foreign policy chief, if asked.

Dillon assets are readily apparent. He would be far less controversial than Dewey who has voiced some biting criticism of Democrats. For 7½ years Dillon has worked in the State Department's top echelon handling many of the tough international problems that will continue to plague the nation in the 1960s.

A third important reason could be the increasingly close Nixon-Dillon friendship that has developed in the past few months. Dillon's aides confirm that the two men have met frequently and sometimes talked twice daily on the phone.

### Objective Talks

All these talks were objective discussions of foreign policy problems, they say, without any move by Dillon to provide Nixon with campaign ammunition to shoot at the Democrats.

Dillon is known, however, to be delighted with the stress Nixon

## BALAGUER AIM IS VIEWED AS CALMING MOVE

CIUDAD TRUJILLO, Dominican Republic (AP) — Joaquin Balaguer, the Dominican Republic's new president, told Congress Wednesday his main task will be "continuing the process of democratization" of the country.

Balaguer, who was vice president, succeeded to the presidency when Hector Trujillo, brother of generalissimo Rafael Trujillo, resigned on the ground of ill health. Hector has been president since 1952.

Rafael Trujillo, who had promised the country free elections for president in 1962, earlier this week moved out of his office in the National Palace. Some time ago he quit as commander in chief of the armed forces, his last official post, and gave up the presidency of the Dominican party, his powerful political arm.

**Calm Storm**

Withdrawal of the Trujillos from the spotlight was interpreted abroad as motivated by a desire to calm rising opposition abroad and to try to forestall possible inter-American action on charges that the Trujillos engineered an attempt to assassinate Venezuela's President Romulo Betancourt.

Betancourt was burned in a bomb explosion and his charges that the Trujillos were responsible are scheduled to be discussed at a meeting of Western Hemisphere foreign ministers in San Jose, Costa Rica, Aug. 16.

## LANDSLIDE FOR SEN. KEFAUVER IN TENNESSEE

By GAVIN SCOTT

NASHVILLE, Tenn. (AP) — Sen. Estes Kefauver won a third term with a stunning landslide victory in Thursday's Tennessee Democratic primary, in which civil rights was the overriding issue.

The race, billed as the tightest of the lanky 57-year-old senator's career, turned into his greatest triumph as the state's voters made it unmistakably clear they preferred his liberal philosophy to that of Judge Andrew T. Taylor, a strong advocate of segregation and states rights.

Kefauver, the Democratic vice presidential candidate in 1956, led from the outset and quickly grabbed a two-to-one margin which he maintained throughout the night.

### Almost 2 To 1

With tabulations from 2381 of the state's 2635 precincts, the vote was:

Kefauver 433,097

Taylor 218,981

The outcome had been watched nationally for an indication of the depth of Southern reaction to the civil rights proposals adopted by the Democratic National Convention. Taylor sharply criticized this platform plank, while Kefauver said only that it went a little too

### Has Not Conceded

Kefauver termed his victory an emphatic answer to "the detractors of the South, who tried to say that we are a backward people."

"The South will continue to move forward in the main stream of American civilization," he said.

Despite the decisive margin polled by Kefauver, Taylor went to bed without actually conceding defeat. The soft-spoken circuit judge from Jackson admitted only "there are two strikes on me."

In two weststate counties—Fayette and Haywood—Negroes voted in the primary for the first time since reconstruction days. There were no incidents. Negroes outnumbered whites in both counties.

### Means Election

Democratic nomination to the Senate means election in this Southern state. Two Republicans, little known across the state, sought the GOP nomination.

All nine of the state's congressmen were renominated, five of them without opposition.

Democrats James B. Frazier of Chattanooga, Carlton Loser of Nashville, Ross Bass of Pulaski and the Cliff Davis of Memphis had little trouble turning back their opponents.

Unopposed for renomination were Reps. Joe Evans, Tom Murray and Robert Everett, Democrats, and B. Carroll Reece and Howard Baker, Republicans.

**Hears Car Crash And Finds Dead Boy**

HONESDALE, Pa. (AP) — Judge Clarence E. Bodie of Wayne County Court heard an auto pass his house last Thursday night at what he said sounded like a fast rate of speed. Seconds later he heard the screech of brakes.

The judge ran out with a flashlight to see what had happened. He found Wallace Nuttymore, 15, of Honesdale, dead. Nearby he found James Spuehler, 16, also of Honesdale, critically injured.

State police said the youths' auto ran off the road, crashed into an embankment, spun around and then hit a utility pole. Both boys were thrown from the car.

Spuehler, identified as the driv-

er, was admitted to Wayne Memorial Hospital with a fractured skull and right leg and internal injuries.

In animal symbolism, a cat stands for deceit and a dog stands for fidelity.

Supreme Court Justice Felix Frankfurter was born in Austria.

## Mormon Story Portrayed In Epic Palmyra Pageant

By GEORGE W. CORNELL

AP Religion Writer

PALMYRA, N.Y. (AP) — It's a strange story, drawn from an abstruse religious strand of American history.

Tonight, and on Saturday night, it's being told anew in epic drama.

There will be surging crowds, earthquakes, expeditions, prophecies and prayers, crashing thunder, crumbling cities, wars and a vision won.

### Religious Pageant

These, and other events, are depicted on the broad slope of Hill Cumorah south of here in a spectacular religious pageant.

Called "America's Witness for Christ," it is presented annually by the Church of Jesus Christ of Latter-Day Saints (Mormon).

The 130th anniversary of the church's founding is this year.

### Special Significance

"That gives it special significance for us," says Gerald G. Smith, president of the church's Eastern States Mission.

The pageant is staged in a 100-acre amphitheater seating 50,000.

It tells an extraordinary tale, of an ancient migration to this continent from Palestine in 600 B.C., of a flourishing but ill-fated civilization whose people were visited by Jesus.

The episodes in ancient America come from the Book of Mormon, whose contents assertedly were taken from golden plates found buried on the hill here by a young farmer, Joseph Smith, founder of the church in 1830.

About 50 performers and technicians take part in the pageant,

# Betancourt Bomb Reveals Sophisticated Murder Mode Triggered By Electronics

By JOHN SCALI

WASHINGTON (AP) — Old fashioned bomb-throwing assassins are becoming obsolete in an age where computing machines and electronic devices are essential tools of day-to-day existence.

The push-button, remote control killer has moved onto the international stage to pose the newest and most deadly threat to government leaders seeking to cope with problems in a tense, troubled world.

In the confidential world of spies, plots and security, the near-successful attempt June 24 to assassinate Venezuela's President Romulo Betancourt now is being studied intensively as an astonishing example of how killers have refined their grisly work.

## Remote Control

Betancourt escaped death while riding in his official limousine when 1½ tons of dynamite, hidden in a parked car alongside the highway, were exploded by remote control.

His would-be killers set off the blast from a safe distance 300 yards away as Betancourt's car drew opposite the dynamite-rigged vehicle.

Blood streaming from cuts on his face, Betancourt staggered out, saved only because he had been sitting in the back seat. Three aides sitting in the front seat of his car were killed. Eight passersby were injured. His automobile was turned into a smashed fiery wreck.

A painstaking, relentless investigation by Venezuelan authorities since then has revealed the full scientific, cold-blooded scope of the assassination plot. The step-by-step details are due to be laid before the foreign ministers of the 21 American Republics when they meet in Costa Rica in two weeks.

At that time, Venezuela will offer a mass of evidence aimed at backing up its charges that Dominican strong man Rafael Trujillo, a bitter Betancourt foe, helped mastermind the plot.

A report last month in which Venezuela linked Trujillo with the plot was described in Washington by Dominican Ambassador Verol Diaz Ordonez as a "fantastic reconstruction."

## Supplemented Murder

Top U.S. security officials who have examined the case report that it adds up to one of the most "sophisticated" assassination attempts in modern history. What worries them is that the Venezuelan example may inspire electronic gangsters around the world to try their hand.

The Venezuelan explosion was triggered off by a pocket-size radio-electronic device operated by skilled, technically trained experts who planned the whole operation with rare scientific exactitude.

Amid the 20th Century, scientific approach, however, one home-

made Latin-American touch apparently was needed. The assassins were tipped off that Betancourt's car was approaching by an accomplice who waved his sombrero.

**PAULING ASKS BAN ON NAMES**

HONOLULU (AP) — Dr. Linus Pauling, Cal Tech's Nobel Prize-winning scientist, will ask federal court to enjoin a Senate committee from forcing him to name scientists who helped him in a 1957 peace campaign.

Pauling's lawyer, A. L. Wirin, said he has mailed the plea for an injunction against the Senate Internal Security Committee to Washington, D.C. Wirin, an attorney for the American Civil Liberties Union, is vacationing here.

The plea for an injunction charges the committee or order would deprive Pauling of "freedom of conscience, freedom of speech, freedom of the press and freedom of assembly."

In an appearance before the committee last June, Pauling refused to name his helpers in circulating petitions asking the United Nations to ban testing of nuclear weapons. The committee said he would have to produce the names by Sept. 15 or face contempt proceedings.

Wednesday, 168 faculty members at the University of Pennsylvania protested the "harassment" of Pauling by the Senate committee.

**SEALEY ROBOT ROUTS DINERS**

RANGELEY, Maine (AP) — A 12-foot 200-pound robot covered with green scales had the whole town in a stir Wednesday.

A waitress came across it by accident in a restaurant walk-in refrigerator.

Barbara Brackett said she brushed against the robot, starting off its machinery, and became terrified. She raced out of the restaurant screaming, followed by about 25 patrons.

James Marshall said he built the machine in his spare time over the last two years for use in a traveling show called "Terrors of the Unknown." He was using the refrigerator to test the robot for cold-climate operation.

The restaurant proprietor, Elmer Grant, said he had granted Marshall use of the refrigerator. "I never want to see Marshall or the monster again," he said. "I have never seen such a hideous creature in all my life."

## PRELATE LAUDS COOPERATIVE CHURCH BONDS

MUNICH, Germany (AP) — Franziskus Cardinal Koenig, archbishop of Vienna, said that the strength of the Roman Catholic Church—"the greatest international organization in the world"—has been too little used to bring the peoples of the world together.

He said he hopes the 37th world eucharistic congress, which is bringing hundreds of thousands of Catholics to this Bavarian city, will show how the strength of religion can be organized to bring more world cooperation.

"For many Catholic Christians from Latin America, Ireland and Spain this congress will probably give a different picture of the Catholic Church than they can get in their own countries. They will see several aspects of cooperation with the Protestant Church we have already achieved in Germany, so that probably this will bear fruit in their countries," he told a news conference.

## Red Neighbors

Speaking of the Communist countries which are Austria's neighbors, he said: "The situation of the Church there is very difficult, but as always when the Church is persecuted there are some who hold strongly to the faith. The Church cannot be destroyed in those countries, and we lose in quantity we gain in quality."

The Rev. Hans Hirschmann, a Jesuit from Frankfurt who sat at the cardinal's side, gave a number of examples of cooperation between Catholics and Protestants.

Many Protestant families in Austria have lodged Catholics taking part in the congress, as Catholic families lodged Protestants who came to a major meeting here last year. A German Catholic archbishop, Lorenz Jaeger, is the guest of the Lutheran bishop of Bavaria, Hermann Dietzelbinger.

## SHEET METAL STRIKE ENDS

PHILADELPHIA (AP) — Work has resumed at the Heintz Division of the Kelsey-Hayes Co. following ratification of a contract settlement by union membership. The action ended a 39-day strike.

Some 1,200 members of Local 834, United Auto Workers, voted Wednesday by an overwhelming majority to accept the settlement which was reached Monday night.

The agreement represents the first contract between management and the union. The UAW won an election to become bargaining agent last March.

Terms of the new contract were not disclosed.

The main points at issue had concerned automatic progression in an incentive pay plan, rest periods, vacation pay and duration of contract.

The firm manufacturers sheet metal parts for the auto and missile industries.

## NATO MAY BE GLOBAL FORCE

## BONN, Germany (AP) — The leaders of France and West Germany have laid the groundwork for a campaign to broaden the North Atlantic Treaty Organization into a global political force, usually reliable sources said today.

A communiqué Wednesday night in Buenos Aires and Jerusalem said: "The governments of Israel and the Republic of Argentina, animated by the wish to comply with the U.N. Security Council resolution of June 23 in which hope was expressed that traditionally friendly relations between the two countries would be advanced, have decided to regard as closed the incident that arose out of the action by Israeli authorities which infringed the fundamental rights of the state of Argentina."
